

THAI BINH DUONG
UNIVERSITY

LEARNING FROM EXPERIENCES

www.tbd.edu.vn/en

Introduction

Located in the coastal city of Nha Trang, Thai Binh Duong University (TBD) is a private institution with over 15 years of experience in cultivating high-quality human resources. With a sustainable development strategy, TBD focuses on an interdisciplinary approach to academics, applying modern teaching methodologies, and updating practical training content. Students benefit from a flexible credit-based system, enabling them to personalize their learning journey and maximize their potential.

Through continuous dedication, TBD affirms the leading position in higher education, contributing to the development of a dynamic and innovative generation ready for integration and success.

Vision

Thai Binh Duong University is a prestigious coastal university capable of attracting outstanding faculty and promising students with an educational environment of integrity and international standards.

Mission

Thai Binh Duong University imparts and develops knowledge to train learners capable of self-reliance in life and career, adapting to the global economic, social, and technological environment, and becoming useful, happy citizens who contribute positively to the sustainable development of the local community and society.
